

Meet Klod...

My name is Mr. Klod and I am one of the swim instructors at the Beverly Hills Club. I have taught swim lessons since 2004. Teaching children and adults the skills necessary to be safe in, out and around the water has been a rewarding experience for me. I have a Bachelors degree from Oakland University, majoring in Sociology, minoring Psychology and concentration of Criminal Justice. I am a certified CPR and Water Safety instructor, with years of experience. I am very excited to share my knowledge with you and your children helping to make swimming fun and keep everyone safe in/ around water.
